

**Sterilization & Packaging Solutions For Cleanroom, Microbiology, Biomedical, Robotics & Sensitive Devices**

**Sterilization Pouches  
- Flat Pouches**

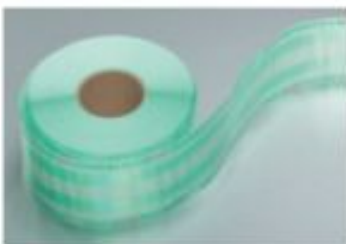

**Sterilization Pouches  
Pouches with Gusset**

**Sterilization Pouches  
Self Sealing Pouches**

**Sterilization Pouches  
Flat Rolls**

**Sterilization Pouches  
Rolls with Gusset**

**Tyvek Flat Pouches**

**Self Seal Tyvek Pouches**

**Tyvek Flat Roll Pouches**

**Paper Bags**

**Texline Non Woven Pouches**

**Soft special paper, creped to  
give increased flexibility**

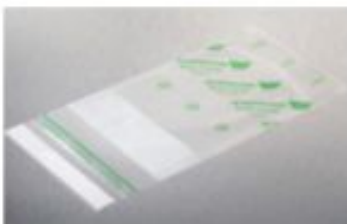

**Tray Liners for use in surgical  
instrument trays for absorbing  
moisture and for mechanical  
protection**

**Ready made compact,  
single-use Bowie & Dick type  
test packs: DC20 and DCG2**

**Pouch for Robotic  
Instruments used in Robotic  
surgery**

**Dust Cover Bags are Designed to  
give extra protection to sterile  
barrier systems**

**ROTO SEALERS For quick and  
reliable closing of sterilisation  
packaging materials**

**ESE - Non Forming  
Laminated Film**

**Window Bags for Surgical  
Instrument Sets**

**Chemical Indicator Strips**

**Sterilization Tapes**
